Choose to live,  
work and succeed  
in the most powerful  
and hopeful nation  
on earth:  
**IMAGINATION.**

- Dan Zadra -

A single idea can  
transform a life,  
a family,  
a company,  
a community,  
a world.

- Dan Zadra -

Worry is  
a misuse  
of the  
imagination.

- Dan Zadra -

Don't let anyone  
talk you out of your  
dream — it's your  
dream, not theirs.

- Dan Zadra -

As you stack up  
money to live on,  
be sure to hold on  
to something  
to live for.

Accomplishments  
have no age  
requirements.  
It's what you do,  
not when you do it  
that counts.

- Dan Zadra -

All meaningful change  
starts first in the  
imagination and then  
works its way out.  
Dream often and  
dream big.

- Dan Zadra -

Your personal resources  
are always far greater  
than you imagine them  
to be. Never ask,  
"Can I pull this off?"  
Ask instead, "How can I  
pull this off?"

- Dan Zadra -

Have faith!  
Breakdowns can  
create breakthroughs.  
Things fall apart,  
so that things can  
fall together.

If children with  
terminal cancer  
can find love,  
joy, beauty and  
peace in their day —  
and they do —  
why can't we?

- Dan Zadra -

Imitators  
copy an idea;  
innovators  
build on it.
